SECTION 2 CARE AND MAINTENANCE

Storage and Handling	Sheets should be stored flat, preferably in a slightly elevated 100% level platform in a clean and dry environment away from water, moisture, humidity and direct sunlight. It must not be subjected to extreme temperatures. Never store sheets upright or diagonally against a wall or table. When not working on them, it is best stored in the original packaging with cover sheets top and bottom until it is needed. Never leave sheets exposed without cover sheets.
Care and Maintenance	As the product is supplied raw, instructions for the care and maintenance should be sourced from the supplier of the coating, seal or finish that is applied to the panel.
